

## Description

P14356 clips connect adjacent quick-clips on R66 blocks providing access points for isolating and testing incoming pairs from outgoing pairs.

RA1 series stainless steel bridging clips connect adjacent quick-clips on R66 blocks, providing access points for isolating and testing incoming pairs from outgoing pairs. Available in 2, 3 or 4-position configurations, they are reusable and can be easily removed for wiring.

R054 series are two-terminal (position) phos. bronze, tin-plated bridging clips with color-coded plastic covers. The color-coding allows craftsmen to quickly identify specific termination functions. R054 series are available in white, green, red, or blue.

## Ordering Information

Catalog Number	Part Number	Description	Pkg. Qty.
P14356	F514356	2-terminal bridging clip, phos. bronze, tin-plated	100
<b>RA1 Series</b>			
RA1	F005170	2-terminal bridging clip	100
RA1B	F005171	3-terminal bridging clip	100
RA1C	F005172	4-terminal bridging clip	100
<b>R054 Series</b>			
R054W	F015062	2-terminal bridge clip, white plastic cover	100
