

PVC U-Guards, Non-Metallic

Key Features

- Made from high impact, flame retardant PVC protects cables from vandalism and fire
- 5/16" x 3/4" long slotted holes in the flanged edges eliminate additional mounting brackets for easier installation and use
- Available in a wide range of convenient sizes for application flexibility and ease of installation
- Complies with requirements outlined in NEMA PH41 specifications to meet or exceed industry standards
- Schedule 40 wall thickness meets industry impact requirements
- Easy installation with unique bell end allows for quick, snug fit over conduit or each added section
- Exterior ribbing ensures better grip during installation
- Maintenance free; resistant to weathering and corrosion for long life and durability
- Made of non-conductive material to protect against accidental grounding

Description

U-Guards are strapless flanged U-shaped cable guards, manufactured of high impact flame retardant gray PVC. The overall length is 10 feet, including the bell end.

U-Guards are mounted using locally provided hardware. Use 1/4" x 1-1/2" lag screws.

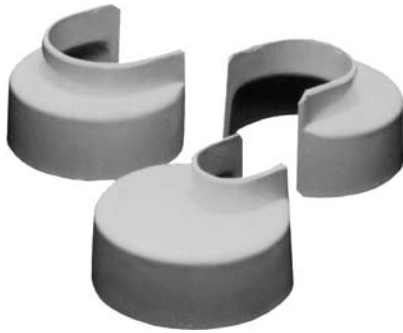

Application

U-Guards protect cables mounted along a wall or on a pole.

PVC U-Guard

PVC U-Guards, Non-Metallic

UGC2, 3, 4

Ordering Information

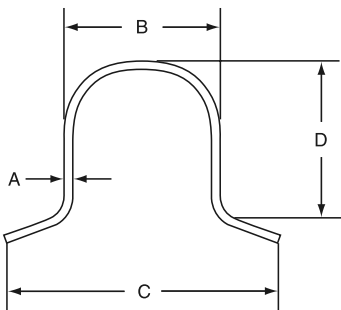

Catalog Number	Part Number	Inside Diameter of Cap
Flanges		
UGC2	F601702	Small top flange fits into UP210P or 2-in. U-Guard
UGC3	F601703	Small top flange fits into UP310P or 3-in. U-Guard
UGC4	F601704	Small top flange fits into UP410P or 4-in. U-Guard

NOTE: UGC caps cover the 4-in. buried conduits which exit the ground at wall or pole locations.
